

RYAN TAN

Senior Full-Stack Engineer

Singapore · ryantan.htn@gmail.com · github.com/ryantanio · ryantan.vercel.app

SUMMARY

Senior full-stack engineer with 7+ years of experience building and supporting web, mobile, and cloud products across healthcare, financial services, government, and business platforms. Hands-on across frontend, backend, databases, and cloud infrastructure, from new product development through release and ongoing production support.

SKILLS

Frontend: TypeScript, JavaScript, React, Next.js, React Native, Vue.js, Redux, Tailwind CSS

Backend: Node.js, Express, NestJS, Python, Django, GraphQL, REST APIs

Cloud & Infrastructure: AWS, EC2, Docker, Nginx, Linux, CI/CD, Cloud Deployment

Data: PostgreSQL, MySQL, MongoDB, Redis

EXPERIENCE

Senior Full-Stack Engineer · Masimo · Contract

Aug 2025 – Jun 2026 | Irvine, CA / Remote

- Developed and improved web and cloud services supporting connected patient monitoring and remote healthcare products.
- Worked across frontend, backend, APIs, databases, and AWS infrastructure on new features and existing production services.
- Handled development, testing, deployment, release support, and ongoing fixes for connected monitoring and remote patient workflows.

Software Engineer · OriginallyUs

Mar 2021 – Jun 2025 | Singapore

- Built and maintained mobile, web, and backend products for financial institutions, government organisations, and large businesses.
- Contributed from early development through production release, maintenance, and later improvements, taking on more responsibility across backend, cloud, and delivery.
- Worked with React Native, React, TypeScript, Node.js, Python, AWS, databases, and supporting infrastructure on long-running production systems.
- Contributed to Price Kaki after its nationwide launch, including continued development and improvements around community-contributed data and AI-assisted moderation.

Full-Stack Developer · Vinova

Sep 2019 – Feb 2021 | Singapore

- Built web and mobile applications across finance, insurance, government, healthcare, logistics, and consumer projects.
- Worked across frontend and backend development, APIs, databases, cloud environments, testing, deployment, and production fixes.
- Contributed to FWD Mobile and other financial and public-sector applications within established product and engineering teams.

Software Engineering Intern · Vinova

Summer 2018 | Singapore

- Supported web and mobile development, testing, debugging, and day-to-day product work alongside the engineering team.

EDUCATION

Bachelor of Computing (Honours), Computer Science

National University of Singapore · Aug 2015 – Jun 2019
