

# RYAN TAN

## Senior Full-Stack Engineer

Singapore · ryantan.htn@gmail.com · github.com/ryantanio · ryantan.vercel.app

### SUMMARY

---

Senior full-stack engineer with 7+ years building web and mobile applications and the cloud services behind them. Experience in healthcare, financial services, and public-sector software, including new product development, releases, and maintenance of production systems.

### SKILLS

---

**Frontend:** TypeScript, JavaScript, React, Next.js, React Native, Vue.js, Redux, Tailwind CSS

**Backend:** Node.js, Express, NestJS, Python, Django, GraphQL, REST APIs

**Cloud & Infrastructure:** AWS, EC2, Docker, Nginx, Linux, CI/CD, Cloud Deployment

**Data:** PostgreSQL, MySQL, MongoDB, Redis

### EXPERIENCE

---

#### Senior Full-Stack Engineer · Masimo · Contract

Aug 2025 – Jun 2026 | Irvine, CA / Remote

- Developed web and cloud services for connected patient monitoring and remote healthcare.
- Implemented application changes across frontend code, backend APIs, and databases.
- Tested and deployed services on AWS, handled release support, and resolved production issues.

#### Software Engineer · OriginallyUs

Mar 2021 – Jun 2025 | Singapore

- Developed web and mobile products for financial institutions, government organizations, and businesses using React, React Native, and TypeScript.
- Took on more backend and infrastructure work over four years, using Node.js, Python, databases, and AWS.
- Partnered with product, design, and QA on requirements, releases, and improvements to applications already in use.
- Improved Price Kaki after its nationwide launch, including user-submitted data and AI-assisted moderation.

#### Full-Stack Developer · Vinova

Sep 2019 – Feb 2021 | Singapore

- Built web and mobile applications for clients in insurance, government, healthcare, logistics, and other industries.
- Connected application screens to APIs and databases, then tested changes and resolved defects during delivery.
- Made updates to FWD Mobile and other existing client applications, including API integration and production fixes.

#### Software Engineering Intern · Vinova

Summer 2018 | Singapore

- Wrote and debugged web and mobile code, tested changes, and learned the team's development and release process.

### EDUCATION

---

#### Bachelor of Computing (Honours), Computer Science

National University of Singapore · Aug 2015 – Jun 2019
